

Claude family overview. Creating an account and first interaction with Claude.

Covered in the video:

- *Overview of Claude's three models: Haiku, Sonnet, and Opus, and their differences.*
- *Claude.ai subscription options.*

Let's recap:

- Claude has three models: Haiku (fast/efficient for quick tasks), Sonnet (balanced all-rounder), Opus (most capable for deep analysis).
- Choose your model based on task complexity vs. speed/cost needs.
- Free plan has usage limits; paid plans offer 5x more usage and access to all models.

Let's recap:
